Funding Proposals and Applications

The district shall pursue private, state or federal grants or other such funds that will assist in meeting its adopted goals and objectives. The superintendent is authorized to establish procedures to promote revenue enhancing activities.

Board approval must be obtained for any grant proposal that could commit the district to a long term commitment or financial obligation. Requests for outside funding with no long term commitment or financial obligation, as well as continuing state and federal program grants, may be approved by the superintendent or designee.

The superintendent or designee will report as necessary to the Board the status of all requests for outside funding in development or pending within the district and will annually report to the Board the status of each request.
