

Greater Albany SD 8J
Board Policy

Code: **IIA**
Adopted: 3/12/01
Readopted: 8/13/07; 7/07/14

Instructional Resources/Instructional Materials

Board believes that proper care and judgment should be exercised in selecting basic instructional materials. While the Board retains the authority to approve district instructional materials adoptions, it authorizes the superintendent to develop and implement administrative procedures governing how selections are determined. Such procedures will provide for administrator, staff, parent or guardian¹, student and community involvement and employ suitable selection criteria to ensure that the recommended instructional materials will meet the needs of the program, students, teachers and community.

The district will review instructional materials in accordance with the State Board of Education adoption cycle. Each instructional program and basic instructional materials will be reviewed on a five to seven year cycle and recommendations for appropriate instructional materials will be made.

Recommended instructional materials will: be sensitive to racial, ethnic, religious, disability, age or sexual bias; contain appropriate readability levels; support the district's adopted curriculum content; provide ease of teacher use; be attractive and durable and be purchased at a reasonable cost.

All basic instructional materials recommended for adoption need to be approved for use by the Board. Prior to Board approval, parents or guardians, students and interested district patrons will have the opportunity to review the recommended instructional materials and be encouraged to provide opinions about them and their use in the classrooms.

All supplementary materials and library/media resources will be selected cooperatively by teachers, principals, librarians and sometimes with the assistance of students and parents or guardians. Recommended supplementary materials and library media resources will also: be sensitive to racial, ethnic, religious, disability, age or sexual bias; contain appropriate readability levels; support the district's adopted curriculum content; provide for ease of teacher use; be attractive and durable and be purchased at a reasonable cost.
