School Party Guidelines

Middle and High Schools

School parties are considered to be extracurricular in nature and are not to be held during regular school hours.

A school party is defined to mean any social activity that is disruptive to the ongoing instructional purposes of the class.

Classes and clubs wishing to hold parties will schedule them outside the normal school day.

Exceptions may occur if the entire school is involved with an approved activity under the supervision of the school administration.

Elementary Schools

Classroom parties will be coordinated by the building principal for each school. General guidelines will be established to limit the number of parties to ensure that the instruction in the classroom is not adversely effected.
