Student Vehicle Use

Regulations are necessary to ensure orderly parking, safe use of student vehicles and to prevent dangerous traffic patterns.

Rules and regulations governing the use of student vehicles shall be reasonable and widely circulated. Permission to operate and/or park a vehicle on campus may be revoked for activity which violates school rules regarding vehicles. Furthermore, inappropriate and unsafe use of vehicles by students is sufficient cause for discipline, suspension or expulsion.

Only licensed drivers who attend high school may drive a motor vehicle to and from school under the following circumstances:

1. All vehicles driven to school must be registered with the school administration;
2. No student vehicle will be permitted to leave the school grounds during the hours in which school is in session without the permission of the school administration;
3. Local and state traffic laws must be obeyed;
4. Unnecessary noise, dangerous and/or careless driving and the misuse of any vehicle in a manner that endangers the safety of others will not be tolerated;
5. All vehicles must be parked in the approved and designated areas;
6. Students must remain out of the parking areas during school hours unless permission is granted by the principal's office;
7. Bike racks or bike areas are provided and must be used. Bicycle riders must obey the helmet law and other laws regarding bicycle use. Students guilty of violating these rules will forfeit the privilege of riding a bicycle to school.
