The following definitions and procedures will be used to implement the parental/guardian<sup>1</sup> rights requirements of the No Child Left Behind Act (NCLB):

### **Definitions**

1. “Survey,” as defined by federal law and as used in Board policy and this regulation, includes an evaluation. It does not apply to a survey administered to a student in accordance with the Individuals with Disabilities Education Act;
2. “Covered survey items” means one or more of the following items: political affiliations or beliefs of the student or the student’s family; mental and psychological problems of the student or the student’s family; sex behavior or attitudes; illegal, antisocial, self-incriminating or demeaning behavior; critical appraisals of other individuals with whom respondents have close family relationships; legally recognized privileged or analogous relationships, such as those of lawyers, physicians and ministers; religious practices, affiliations or beliefs of the student or the student’s parent or guardian; and income, other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program;
3. “Covered activities” requiring notification under NCLB means those activities involving the collection, disclosure or use of personal information collected from students for the purpose of marketing or for selling that information or otherwise providing that information to others for that purpose; the administration of any survey containing one or more covered survey items; and any nonemergency, invasive physical examination or screening that is required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect the immediate health and safety of the student, or of other students. This provision does not apply to physical examinations or screenings that are permitted or required by law, including physical examinations or screenings permitted without parental or guardian notification;
4. “Third parties” include, but are not limited to, school volunteers, parents or guardians, school visitors, service contractors or others engaged in district business, such as employees of businesses or organizations participating in cooperative work programs with the district and others not directly subject to district control;

<sup>1</sup>As used in this document, the term parent includes legal guardian or person in a parental relationship. The status and duties of a legal guardian are defined in ORS 125.005(4) and 125.300 - 125.325. The determination of whether an individual is acting in a parental relationship, for purposes of determining residency, depends on the evaluation of those factors listed in ORS 419B.373. The determination for other purposes depends on evaluation of those factors and a power of attorney executed pursuant to ORS 109.056. For special education students, parent also includes a surrogate parent, an adult student to whom rights have transferred and foster parent as defined in OAR 581.015-0005(18).

5. “Instructional material” means instructional content that is provided to a student, regardless of its format, including printed or representational materials, audiovisual materials and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or academic assessments;
6. “Personal information” means individually identifiable information including a student or parent’s or guardian’s first and last name; a home or other physical address (including street name and the name of the city or town); telephone number; or a social security identification number;
7. “Invasive physical examination” means any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion or injection into the body. It does not include a hearing, vision or scoliosis screening and does not apply to any physical examination or screening that is permitted or required by an applicable state law, including physical examinations or screenings that are permitted without parental or guardian notification.

### **Requests to Inspect Materials**

### **Student Privacy**

The district recognizes its responsibility to protect student privacy in the event of administration or distribution of a survey to a student containing one or more covered survey items. A student's personal information that may be collected as a result of such surveys will be released only with prior, written parental or guardian permission. The district will use reasonable methods to identify the authenticate the identity of the parents, students, school officials, and any other parties to whom the district discloses personally identifiable information from educational records.
