

Alsea School District 7J

Code: **IBDJA**
Adopted: 10/12/94
Readopted: 7/12/10; 2/10/16
Orig. Code(s): IBDJA

Relations with Home-Schooled Students**

The Board recognizes the rights of parents to teach their children at home and acknowledges the education service district's role in registering and monitoring test results for students who are being taught at home.

Further, the Board is willing to assist parents in this endeavor if a request is made through the superintendent. The district will furnish basic course descriptions, state standards for elementary and secondary education, and, when available, may furnish basic instructional materials upon deposit of a loss/damage fee.

Students may, upon parent request, be allowed to participate in district programs such as physical education programs, instrumental and vocal music programs or other selected options if space and materials are available. Some classes may require testing or other certification of preparedness before enrollment will be permitted. Students enrolled under this policy must adhere to regular attendance procedures as established by the school and must avoid disruption of said programs.

Students who do not adhere to district, school or classroom behavioral and academic standards will be subject to district and school policies that govern these areas. Sanctions for failure to adhere to these policies may include suspension or expulsion from school programs or activities.

Parents are responsible for transportation for students attending selected school offerings.

Only courses recognized by the state of Oregon will earn credits toward a diploma. The Board reaffirms its prerogative not to accept home instruction course credit toward graduation requirements.

Home-schooled students may participate in interscholastic activities if the following criteria are met:

1. The student is in compliance with all rules governing home schooling and can provide acceptable documentation of compliance to the district;
2. The student can meet the district eligibility requirements except the district or class attendance requirements;
3. Students need to meet class requirements of the voluntary association administering the interscholastic activities;
4. The student can achieve the minimum score on an examination from the list adopted by the State Board of Education. The minimum composite test score that a student must achieve shall place the student at or above the 23rd percentile based on national norms. The examination shall be taken at the end of the school year. (Students may participate while awaiting test results.);

5. The parent shall submit the examination results to the district; or the district may adopt alternative requirements, in consultation with the parent, that a student must meet to participate in interscholastic activities, including, but not limited to, a requirement that a student submit a portfolio of work samples to the district for review to determine whether a student is eligible to participate in interscholastic activities;
6. The student must fulfill the same responsibilities and standards of behavior and performance including related class or practice requirements of other students participating in the interscholastic activity. The student must meet the same standards for acceptance on the team or squad. The student must also comply with all public school requirements during the time of participation;
7. The student must reside in the attendance boundaries of the school for which the student participates.

END OF POLICY
