

# Alsea School District 7J

Code: **IGAEB**  
Adopted: 11/09/94  
Readopted: 7/12/10; 5/11/16  
Orig. Code(s): IGAEB

## **Drug, Alcohol and Tobacco Prevention, Health Education\*\***

The district will not tolerate the possession, selling, use or influence of alcohol, tobacco and other illegal and harmful drugs (illicit drugs, nontherapeutic use of prescribed drugs, misuse of solvents and other dangerous substances) in the schools, on school grounds or during school-sponsored activities including athletic events, dances, field trips, etc.

Given the extensive use and the formal and informal promotion of alcohol, tobacco and drug use in our society, the school has an obligation to provide drug education that emphasizes prevention, to describe intervention and referral procedures, and to outline consequences. The district will provide a planned staff development and a public information program. The district will access the drug-free schools monies and other monies available for drug-free schools efforts.

After consulting with parents, students, specifically student councils and MADD, staff, ministerial association, chamber of commerce, Local School Committee and the County Youth Services team, the Board will review and adopt the stated activities which insure drug-free environments.

### **Drug Prevention Program**

The district's drug, alcohol and tobacco curriculum will be age-appropriate, reviewed annually and updated as necessary to reflect current research.

Drug, alcohol and tobacco prevention instruction will be integrated in the district's health education courses. Students not enrolled in health education shall receive such instruction through other designated courses. At least annually, all senior high school students shall receive such instruction. Instruction shall minimally meet the requirements set forth in Oregon Administrative Rules.

Each year the Board will review the alcohol/drug prevention program results in consultation with the district's alcohol/drug prevention committee. The Board will adopt a program annually.

The district is committed to an aggressive intervention and referral program to eliminate alcohol/drug and tobacco use.

The program shall include training for staff and a compilation of information on school and community resources and procedures for responding to substance-related incidents to include emergency medical care.

Parents, students and staff shall receive annually in handbooks information and detailed procedures regarding the district's intervention/referral program.

Students possessing, using and/or selling unlawful drugs, including drug paraphernalia, alcohol and tobacco on district property, in district vehicles, at district-sponsored activities on or off district grounds shall be subject to discipline up to and including expulsion. When considering disciplinary action for a child with disabilities, the district must follow the requirements of Board policy JGDA/JGEA – Discipline of Students with Disabilities including those involving functional behavioral assessment, change or placement, manifestation determination and an interim alternative educational setting. Students may also be referred to law enforcement officials

Any staff member who has reason to suspect a student is in possession of, or under the influence of unlawful drugs, alcohol, other intoxicants or tobacco on district property, on a school bus or while participating in any district-sponsored activity, whether on district property or at sites off district property, will escort the student to the office or designated area and will report the information to the principal or his/her designated representative.

Each year the district will actively seek funds to support the activities identified in the district’s alcohol and drug prevention program.

The district staff development program shall include each year an in-service for all staff addressing the district’s alcohol and drug prevention program/plan, the staff’s responsibilities within the plan and current alcohol and drug information.

The district will develop a public information plan for students, staff and parents.

END OF POLICY

---
