Code: **IGDF**  
Adopted: 5/10/04

## Student Fund-Raising Activities

All fund-raising activities at the school site level must be approved by the site administrator. Districtwide fund-raising activities are to be approved by the superintendent, or designee.

Fund-raising objectives will be identified by the appropriate group in order that donors will be informed of the purposes for which funds will be used. If the fund-raising group is ongoing, objectives will be identified annually, or more frequently if needed.

The superintendent shall develop procedures for fund raising, subject to the following criteria:

1. Students will not be used as agents for distributing “nonschool materials,” which are defined as materials that are not a part of the recognized school program, without the approval of the superintendent or designee. Such materials shall meet district-approved standards;
2. An individual school may, upon approval of the site administrator, participate in fund-raising activities;
3. Such activities shall be conducted in an atmosphere of mutual respect and cooperation, free from discrimination, harassment and prejudice;
4. Funds must be accounted for through district-approved accounting procedures.
