Adopted: 8/14/06
Readopted: 6/12/17
Orig. Code(s): KG

Community Use of District Facilities

The primary purpose and use of school and related buildings in the district is for the education of students. School programs and other school-related activities take precedence over out-of-school group use. Schedules will not be changed to accommodate a nonschool activity. Use of school facilities for the general community welfare is appropriate and all approved groups will have equal access. Requests for use will be properly applied for and approved well in advance of proposed times and dates.

The administration will develop procedures and guidelines and fee schedules for nonschool individuals and parties who wish to use school facilities.
