School-Community Relations Goals and Objectives

The Board recognizes schools cannot function effectively without the support of the community, and the schools reflect the values of those who create and support them. The Board also realizes schools gain strength through an informed and involved public.

Therefore, the Board proposes:

1. To make sincere efforts to keep the citizens of the district informed on policies, programs and operations of the school system through the superintendent and staff;
2. To encourage participation in decision making through Board meetings and school meetings;
3. To promote advisory committees, open forum meetings and community social activities within the schools;
4. To provide ongoing in-service programs in school-community relations for staff members;
5. To work through the business and professional community in a partnership program to enhance our communication channels in the community.
