

**Athena-Weston
School District 29J**

Code: **EBBAA/GBEBC/JHCCC**
Adopted: 1/11/10
Readopted: 8/10/15
Orig. Code(s): GBEA

Infection Control - HIV, AIDS, HBV

The district shall use standard precautions at all times for infection control. Each person is therefore treated as though an HIV, AIDS or HBV¹ infection exists.

The district shall develop an Exposure Control Plan that includes infection control procedures for staff and students.

Staff and students shall receive an annual in-services that includes correct procedures for cleaning up body fluid spills and for personal cleanup, appropriate disposal, immunization and personal hygiene, as well as the location and a content review of first-aid and clean-up kits. Kits shall be available for each room in the building and in each district vehicle.

In addition to an annual in-service, staff and students on a regular basis will receive HIV, AIDS and HBV information.

The information shall emphasize infection – how infection is spread as well as how it is not spread.

The district will cooperate with the Oregon Department of Education; the Oregon Department of Human Services, Health Services; the local health department; and the education service district in delivering HIV, AIDS and HBV education.

END OF POLICY
