

Cellular Telephones

District-owned cellular telephones may be purchased and authorized for staff use in accordance with the following:

Cellular Telephone Authorization

Cellular telephones may be assigned or made available on a temporary basis by the superintendent and/or designee when it is determined that:

1. The assignment of a cellular telephone to the employee is a prudent use of district resources;
2. The employee's job responsibilities require the ability to communicate frequently and access to a district or public telephone is not readily available;
3. The employee's job responsibilities involve situations where immediate communication is necessary to ensure the security of district property or safety of students, staff or others while on district property or engaged in district-sponsored activities.

Cellular Telephone Use

1. Cellular telephones are provided specifically to carry out official district business when other means of communications are not readily available. Cellular telephones may not be used for routine communications.
2. Cellular telephones are not to be used when a less costly alternative is readily available, unless as otherwise necessary for safety or emergency circumstances.
3. Personal use of cellular telephones is limited to making or receiving calls for family purposes, such as contacting a family member or child care provider to advise that the employee is going to be late arriving home or picking up children for a reason directly related to his/her official district duties, i.e., a meeting which runs later than expected or a last minute schedule change.
4. Cellular telephones should not be used for conversations involving district information of a confidential nature, excluding emergency situations.
5. Cellular telephones are not to be loaned to others.
6. Employees issued a cellular telephone are responsible for its safekeeping at all times. Defective, lost or stolen cellular telephones are to be reported immediately to the technology director who will in turn notify the service provider.

7. Cellular telephones issued for employee use are to be returned to the technology director at the conclusion of the school year, activity or as otherwise specified.

Privately-Owned Cellular Telephones

1. District employees may be reimbursed for use of privately-owned cellular telephones to conduct district business in accordance with Board policy and this regulation, with prior approval of the superintendent and/or designee.
2. Personal use of privately-owned cellular telephones by employees authorized to use such equipment for district business is restricted to lunch, breaks or other such times when the employee is not on duty.
