Instructional Resources/Instructional Materials

The Board believes that proper care and judgment should be exercised in selecting basic instructional materials for student use. While the Board retains the authority to approve district basic instructional materials adoptions, it authorizes the superintendent to develop and implement administrative procedures governing how selections are determined. Such procedures will provide for staff, parent and community involvement and employ suitable selection criteria to ensure that the recommended instructional materials:

1. Display fairness in their portrayal of people and issues;
2. Contain appropriate readability levels;
3. Show consistency with the district's adopted curriculum content;
4. Provide for ease of teacher use;
5. Are attractive and durable;
6. Can be purchased at reasonable cost;
7. Contain appropriate language and content for intended student use;
8. Fall within the G, PG, PG-13 rating category, if films or videos.
