

Baker School District 5J

Code: **JC**
Adopted: 5/15/01
Orig. Code(s): JC

School Attendance Areas

Attendance area boundaries for elementary schools shall be fixed by the Board at the recommendation of the superintendent. Boundaries are set for attendance areas so that students can be given the best possible education at the lowest possible cost.

Defined attendance areas reduce overcrowding in one building to provide fuller use of space and personnel in another building. The superintendent is directed to monitor student flow into and out of all buildings, and to make adjustments as needed. In preparing such recommendation, the superintendent shall seek the advice and counsel of staff members and the principals and patrons of those schools involved. All changes in school attendance areas should benefit the total school program educationally and financially.
