Orig. Code(s): JECB

Admission of Nonresident Students

The Board reserves the right to accept/reject nonresident students based upon the availability of space, resources, personnel, appropriate programs and a positive review of educational records.

The Board may consider situations such as: (1) students with unusual academic needs or abilities that can be met more readily by school services available in a nonresident school district; (2) students living in remote areas whose school transportation can be met more conveniently and efficiently by the nonresident school district; (3) students with unusual disciplinary or emotional problems who would have a greater ability to succeed in the environment of the nonresident school district; (4) students whose parents move from the district during a school year; and (5) students whose parents are employed within the nonresident district.

The Board shall deny regular school admission to nonresident students who are under expulsion from another school district.

The district may enroll non-resident students as follows:

1. By written consent of the affected school boards. The student becomes a “resident pupil” of the attending district thereby allowing the attending district to receive State School Fund moneys;
2. By unilaterally admitting with tuition a non-resident student whereby neither district is eligible for State School Fund moneys.
