

Use of Tobacco

This administrative regulation is designed to implement the intent of policy GBK pertaining to tobacco use and possession. All individuals on district property share responsibility for adhering to and enforcing the policy.

All staff members shall be informed of district policy and rules pertaining to tobacco use and possession.

Sufficient signs shall be placed to inform students, staff and visitors of the district's tobacco prohibitions.

All students shall be informed of building rules and penalties which are in accordance with district policy and administrative regulations upon entering school and for appropriate activities each year.

All staff will abide by and enforce the conditions of district policy and administrative regulations and building rules pertaining to tobacco use and possession.

Students using or possessing tobacco at times and places prohibited by district rules will be disciplined. The nature of discipline will be determined by the circumstances related to each individual's case and will be included in each parent/student handbook.

Upon entering district property, patrons will be required to adhere to district policy, administrative regulations and rules of each facility regarding tobacco use.
