

Threats of Violence**

The public charter school board is committed to promoting healthy relationships and a safe learning environment. To this end, student threats of harm to self or others, threatening behavior or acts of violence, including threats to severely damage public charter school property, shall not be tolerated on public charter school property or at activities under the jurisdiction of the public charter school.

Students shall be instructed of the responsibility to inform a teacher, counselor or administrator regarding any information or knowledge relevant to conduct prohibited by this policy. Parents and others will be encouraged to report such information to the public charter school. Staff shall immediately notify the administrator of any threat, threatening behavior or act of violence he/she has knowledge of, has witnessed or received. All reports will be promptly investigated.

Students found in violation of this policy shall be subject to discipline up to and including expulsion. A referral to law enforcement shall be made for any infraction involving a student bringing, possessing, concealing or using a weapon or destructive device as prohibited by state and federal law and public charter school board policy.

The public charter school administrator shall, in determining appropriate disciplinary action, consider:

1. Immediately removing from the classroom setting any student who has threatened to injure another person or to severely damage public charter school property;
2. Placing the student in a setting where the behavior will receive immediate attention from a administrator, counselor, licensed mental health professional or others;
3. Requiring the student to be evaluated by a licensed mental health professional before allowing the student to return to the classroom setting.

The public charter school administrator shall ensure notification is provided to:

1. The parent of any student in violation of this policy and the disciplinary action imposed;
2. The parent of a student when the student's name appears on a targeted list that threatens violence or harm to the students on the list or when threats of violence or harm to the student are made by another student;
3. Any school employee whose name appears on a targeted list threatening violence or harm to the public charter school employee and when threats of violence or harm are made by a student or others.

Notification to the above shall be attempted by telephone or in person within 12 hours of discovery of a targeted list or learning of a threat. Regardless, a written follow-up notification shall be sent within 24 hours of discovery of a targeted list or learning of a threat.

The public charter school administrator will provide necessary information regarding threats of violence to law enforcement, child protective services and health-care professionals in connection with a health and safety emergency if knowledge of the information is necessary to protect the health and safety of the student or other individuals. Additionally, he/she may provide such information to other school officials, including teachers, within the public charter school who have a legitimate educational interest in the student(s) consistent with state and federal education records laws. "Legitimate educational interest" means a licensed staff member having the student in class, the student's counselor or other licensed or nonlicensed staff due to special referral or participating in staffing, programming or case review of a specifically named student.
