

Blachly School District #90

Code: **EBBB**
Adopted: 4/17/14
Readopted: 9/16/15

Injury/Illness Reports

All injuries/illnesses, sustained by the employee while in the actual performance of the duty of the employee, occurring on district premises, in district vehicles, at a district-sponsored activity or involving staff members who may be elsewhere on district business will be reported immediately to the human resources manager. A written report will be submitted within 24 hours to the human resources manager. Reports will cover property damage as well as personal injury.

In the event of a work-related¹ illness or injury to an employee resulting in overnight hospitalization for medical treatment² other than first aid, the safety officer shall inform the Oregon Occupational Safety and Health Division (OR-OSHA). A report will be made within 24 hours after notification to the district of an illness or injury. Fatalities or catastrophes³ shall be reported within eight hours.

ALL injuries/illnesses sustained by the employee while in the actual performance of the duty of the employee will be promptly investigated. As a result of the investigation any corrective measures needed will be acted upon.

Monthly records will be maintained.

The Board will receive reports on serious injuries/illnesses, including accidents involving district property or employees, students or visiting publics, and periodic statistical reports on the number and types of injuries/illnesses occurring in the district, as well as on the measures being taken to prevent such injuries/illnesses in the future.

GBE - Staff Health and Safety

¹An injury or illness is work related if an event or exposure in the work environment caused or contributed to the condition or significantly aggravated a preexisting condition.

²Medical treatment includes managing or caring for a patient for the purpose of combatting disease or disorder. The following are not considered medical treatment: visits to a doctor or health-care professional solely for observation or counseling; diagnostic procedures including administering prescription medications used solely for diagnostic purposes; and any procedure that can be labeled first aid.

³A catastrophe is an accident in which two or more employees are fatally injured, or three or more employees are admitted to a hospital or an equivalent medical facility.
