## Grading System

The district's grading system shall be based on Board-adopted course content and is designed to enable the student and parent to clearly know how well the student is achieving course requirements at the student's current grade level, and be based on the student's progress toward becoming proficient in a continuum of knowledge and skills. Absenteeism or misconduct shall not be the sole criterion for the reduction of a student's grades. Behavioral performance shall be reported separately.

Letter grades will be used in the district for grades 6-12.

Grading for grades 6-12 will be conducted on a 12-week basis. The 12-week trimester grade will be based upon many factors, such as: basic assignments, both oral and written; class participation; special assignments; research; activities of various types and kinds; and special contributions. All students and parent/guardians will receive feedback about current grades halfway through each trimester.

A progress report for grades K-5 will be provided three times per year. The report will be based upon progress toward state benchmarks as well as other factors including effort and personal management.

At the beginning of the grading period students and parents will be informed regarding the basis of the grades and the methods to be used in determining them.
