## **Liability Insurance**

The district provides comprehensive liability insurance for all employees while in the performance of official district duties. Automobiles of school employees, which are being used for authorized school business, have secondary coverage by district liability insurance.

The district shall not be obligated to assume any costs or judgments held against the employee when such damages are proved to be due to the employee's willful negligence, violation of law or criminal act.

### **Personal Property – Disclaimer of Liability**

School employees are discouraged from bringing and leaving personal property on district premises. The district cannot and will not assume a liability for personal property lost due to fire or theft nor for damage or destruction due to accidents, acts of vandalism or any other cause, including all natural causes. Employees choosing to bring personal property on school district premises do so at their own risk.

Although the district provides driveways and parking lots for the use of students, employees and the public, the district assumes no liability for damage occurring in connection with their use, and all persons who use such facilities do so at their own risk.
