Personal Electronic Devices and Social Media - Staff **

Staff possession or use of personal electronic devices on district property, in district facilities during the work day and while the staff is on duty in attendance at district-sponsored activities may be permitted subject to the limitations set forth in this policy and consistent with any additional school rules as may be established by the superintendent. At no time will a personal electronic device be used in a manner that interferes with staff duty and responsibility for the supervision of students.

A “personal electronic device” is a device, not issued by the district, capable of electronically communicating, sending, receiving, storing, recording, reproducing and/or displaying information and data.

Personal electronic devices shall be silenced during instructional time, while on duty or at any other time where such use of the device would cause a disruption of school activities or interfere with work assignment. Devices which have the capability to take photographs or record video or audio shall not be used in violation of any applicable Oregon Revised Statutes (public records law, etc.) or United States Code (Children’s Internet Protection Act, etc.) while a staff member is on duty in district-sponsored activities, unless as expressly authorized by the principal or designee. Computers, tablets, iPads or similar devices brought to school will be restricted to academic activities during on duty time. The district will not be liable for loss or damage to personal electronic devices brought to district property and district-sponsored activities.

Staff members while on duty and off duty will utilize social websites, public websites and blogs, judiciously by not posting confidential information about students, staff or district business.¹ Staff may not post images of district facilities, staff, students, volunteers or parents without written authorization from persons with authority to grant such a release. Staff members while on duty and off duty will treat fellow employees, students and the public with respect while posting on social media websites, etc., in order to prevent substantial disruption in school. Communication with students using personal electronic devices will be appropriate, professional and related to school assignments or activities.

Exceptions to the prohibitions set forth in this policy may be made for health, safety or emergency reasons with superintendent or designee approval.

Staff are subject to disciplinary action up to and including dismissal for using a personal electronic device in any manner that is illegal or violates the terms of this policy. Staff actions on social websites, public websites, blogs, while on or off duty, which disrupt the school environment, are subject to disciplinary action up to and including dismissal. The taking, disseminating, transferring or sharing of obscene, pornographic or otherwise illegal images or photographs, whether by electronic data transfer or otherwise (commonly called texting, sexting, emailing etc.) may constitute a crime under state and/or federal law.

¹Nothing in this policy is intended in any form to limit the right of employees to engage in protected labor activities via the use of social media.

Any person taking, disseminating, transferring or sharing obscene, pornographic or otherwise illegal images or photographs, will be reported to law enforcement and/or other appropriate state or federal agencies.

Licensed staff are subject at all times to the Standards of Competent and Ethical Performance for Teachers.

The superintendent shall ensure that this policy is available to all employees.
