Orig. Code(s): JECC

Assignment of Students to Schools**

Students residing within the district will attend the school in the attendance area in which they reside, unless as otherwise provided by state and federal law, or district policy.

When a student moves into another district attendance area, he/she may remain at the former school until the end of the current report card period. In all such cases, parents must provide transportation. At the end of that period the student must transfer to the school, which serves the attendance area of his/her new residence.

In special cases, permission may be granted to allow the student to remain in his/her former school until the end of the semester. In all such cases, parents must provide transportation.

In circumstances when the needs of the district must be met for various reasons including balancing class loads or in unusual circumstances as determined by the administration, a student may be allowed to attend a school outside of the resident school attendance area.

A student who becomes a victim of a violent criminal offense, as determined by state law, while in or on the grounds of a school the student attends, or any student attending a district school that is identified by the Oregon Department of Education (ODE) as persistently dangerous, may transfer to a safe district school.

The district will provide transportation, as provided by Board policy EEA - Student Transportation Services. That obligation will end at the completion of the school year for students transferring from a school identified as persistently dangerous, if the school from which the student has transferred is no longer persistently dangerous.

Notice to parents of their right to request the transfer of their student as provided by this policy will be provided as required by law.

Attendance areas are subject to annual adjustment to balance student enrollment.

END OF POLICY
