Relations with Law Enforcement Agencies

It shall be Board policy to cooperate with law enforcement and other agencies at all times; however, the district expects the rights of students to be safeguarded and unless the circumstance dictates otherwise student privacy will be a priority. The superintendent will develop administrative regulations to safeguard the rights of students.

Whenever a law enforcement officer wishes to confer with or question a student at the school, the principal or his/her designee shall be present at the meeting and the student's parents shall be notified of the meeting, preferably in advance. The exception is when the administrator is under a direct order of the law enforcement officer to not be present and/or not to notify the parent.

A student may be removed from school by a law officer or an authorized representative of the Services to Children and Families.

Outside agencies may deliver subpoenas and warrants to students in the presence of an administrator.
