

Student Performances

Instructors are encouraged to arrange for individual students and groups to provide public performance when such performances contribute to educational process objectives and when they do not interfere with other scheduled activities or classes within the school, as follows:

1. All performances involving students will be approved by the principal;
2. The extended use of one particular group will be discouraged;
3. Students participating in a performance will conduct themselves in a way as to bring credit to their school;
4. Performances that are scheduled outside school hours are preferred. Performances during school hours should be limited to the class period during which the activity is usually taught to that particular student or students.

Student groups may participate in the activities of the school district and with patriotic and civic groups in the community upon the approval of the principal. They may not charge for participating or performing when they represent the school. However, such groups may accept honoraria or contributions toward special fund raising projects.
