Intradistrict Transfer Students

With the approval of the superintendent, or designee, the district may grant the request of a student to attend another school, provided that the receiving school agrees to that request. The superintendent, or designee, may approve the transfer of a non-resident student into the district upon mutual written agreement with the student's resident school administration.

Students who attend a district school identified as persistently dangerous, or who are victims of a violent criminal offense occurring in or on the grounds of the school the student attends, may transfer to a safe public school in the district.

The superintendent will develop administrative regulations, as necessary, to implement this policy.
