## License Requirements

The Board, in adhering to Oregon Revised Statutes, shall require all applicants to hold an Oregon license as a condition of employment. Those offered employment in the district must present their original teaching license, or the district must be able to verify the current license, to the superintendent's office before the Board will consider approving their employment. Applicants not presenting their license, or whose license cannot be verified, prior to the beginning of school or the first day employment is to begin will not be employed until such license is presented to the superintendent's office.

The district requires licensed staff to submit copies of, or the verification includes, all license endorsements to the superintendent's office. It shall be each licensed staff member's responsibility to keep all endorsements current and to submit them to the superintendent's office.

Subject to any applicable collective bargaining agreement, a district required to forfeit any State School Fund moneys is entitled to recover one-half of the amounts forfeited from the licensed personnel whose unlicensed status caused the forfeiture. Recovery shall not exceed one-half of the amount forfeited that is attributable to the particular licensed person.
