Promotion and Retention of Students**

The Board is dedicated to total and continuous development of each student enrolled. The professional staff are expected to place students at the grade level best suited to them academically, socially, physically and emotionally.

Students will normally progress annually from grade to grade. Exceptions may be made when, in the judgment of the MDT/CARE team, such exceptions are in the best educational interest of the students involved. Exceptions will always be made after prior notification and explanation to the student's parents, but the final decision will rest with district authorities.

Parents may present information and opinions at meetings of the MDT/CARE team. The team may seek information to aid in the consideration of the best academic, social, physical and emotional placement. The team shall render the decision for the student's educational well-being.

Any decision concerning promotion and retention not satisfactory to all concerned may be appealed to the Board under the terms of the district's complaint procedure.
