Request for School Bus Use

The Board may permit a school bus to be used, placing restrictions, terms or compensation upon such use as is its desire. Such use of a school bus shall not interfere with any part of the public school program.

The following rules state the philosophy of the district and rules for school bus use:

1. Request for the use of a school bus must be made, using this form, to the Board at a regular meeting;
2. School buses may be used for in-county use only;
3. The request to the Board must be made in a timely manner so that the transportation supervisor will have time to hire a driver, cover “school bus” markings, etc.;
4. Only district employed drivers will be allowed to drive the school bus. The transportation supervisor will hire the driver;
5. The Board may, at its option, require a deposit in advance from the person/organization requesting the use of the school bus;
6. Absolutely no tobacco use or alcoholic beverages will be allowed on the bus;
7. Applicants will be responsible for conduct and control of all participants and take measures to protect district property. A charge for clean-up or damage to the school bus may be made at the discretion of the Board;
8. At the completion of the trip, the district office will submit a bill for mileage, salaries, etc. to the person indicated below as requesting the use of the bus.
