

## Staff Development

The Board believes that the College's most important asset is its staff. The Board also believes that the success of the institution is directly related to how the staff is perceived by those who use its services. Improving the capabilities of the staff to meet the changing needs of the public will improve the quality and effectiveness of the college.

Specifics covering staff development functions may be found in bargaining contracts and the College *Employee Handbook and the Administrative, Supervisory and Confidential Staff Agreements Handbook*.
