Component District Efficiency Studies

The operational areas for review shall be:

1. Accounting, payroll, and printing; student transportation; legal services, investments, and auditing; insurance and student records management. The order of review may be determined by CESD and the component districts.
2. Other areas as agreed upon.

All efforts to achieve economies and efficiencies shall be pursued cooperatively with component districts.

A report of these efforts shall be submitted annually to the Oregon Department of Education.
