Code: **KN**  
Adopted: 2/13/17

## **Relations with Law Enforcement Agencies**

The Clackamas ESD Board believes our district facilities and programs should be safe and inviting for all staff, parents, and students. This goal includes both physical safety and emotional well-being which are essential precursors to student achievement.

The Board recognizes that district-wide cooperation with law enforcement agencies is essential for the protection of staff and students, for maintaining a safe environment in district facilities and programs, and for safeguarding district property.

Programs and activities designed to enrich district curriculum and to develop and promote good citizenship and a healthy attitude toward law enforcement agencies and officials will be encouraged by the district. Law enforcement participation in such programs and activities is encouraged.

Law enforcement officials may enter facilities if a crime has been committed on district property or to investigate matters concerning staff and students upon request initiated by district administrators. Other requests from law enforcement for interviews must be accompanied by a warrant, court order and/or parental consent.

The superintendent will develop administrative regulations to implement this policy, including procedures for handling investigations, administrator requests for assistance, and required referrals to law enforcement agencies.
