Use of Commercially Produced Feature Films and Other Digital Media

The showing of commercially produced and rated feature films and other digital media must have a direct instructional outcome and have a legitimate purpose in the school's educational program. Since the content of feature films customarily is designed for general audience viewing, the Board's preference is that only excerpts of approved films be shown as part of the curriculum. In all cases, certain precautions should be taken to ensure the showing of a particular film is consistent with the educational values espoused by the district. Only instructionally relevant films rated G for grades K-6; G and PG for grades 7 and 8; G, PG and PG-13 for grades 9 and 10; G, PG, PG-13 and R for grades 11 and 12 may be shown. The use of materials rated X and/or NC-17 is expressly prohibited.

In the case of PG rated films in 4-6; PG-13 rated films in grades 7 and 8; or R rated films for grades 11 and 12, teachers must have:

1. Written approval from the administration;
2. Previewed the entire movie or excerpt to be used in the instructional program;
3. Signed permission from the parent.

If any parent objects, the teacher will provide an educationally related alternative for that student.

Other digital media must have prior administrative approval before being shown to students.

The use of commercially produced and rated films, videos and materials must adhere to existing copyright laws.
