Orig. Code(s): EBCC

Hazardous Threats

If a call or notice that a hazardous device or substance has been placed in a school or any other district facility is received, the superintendent or designee will consider the following procedures:

1. Immediate evacuation of the school or buildings;
2. Immediate notification to the fire and/or law enforcement departments unless the call was originally received by these departments;
3. A search of the premises by the building administrator, maintenance and custodial personnel, and/or qualified staff members under the direction of a law enforcement officer or firefighter;
4. Removal of any “strange” or foreign object either immediately and/or by qualified personnel;
5. Reentry of the school or buildings following a thorough search and notification from the law enforcement officer or firefighter that nothing has been found;
6. Investigation by local law enforcement assisted by the state fire marshals office if requested.

Any decision concerning students dismissal and subsequent action after the above procedures have been followed are the superintendents or designees prerogative.
