Professional Staff Work Load/In-Services

The contractual obligations of a teacher shall be considered sufficiently inclusive to cover a reasonable amount of extra duty necessary to supervise or conduct the supplementary activities included in the regular school program.

Prior to the beginning of classes in the fall and at specified times during the year, planned days or parts of days of staff in-service training will be scheduled. These are contract days and teachers and/or employees are expected to be in attendance. Failure to report, except for illness, will result in deduction in pay for the time absent and will be a consideration in evaluation. In-service activities shall take precedence over any extra or cocurricular activity.
