Use of Feature Films/Videos

The Board recognizes the showing of commercially produced and rated feature films and videos may have a legitimate purpose in a school's educational program. However, since the content of these feature films customarily is designed for general audience viewing, the Board feels certain precautions should be taken to ensure the showing of a particular film is consistent with the educational values espoused by the district. Only films rated "G" "PG" or "PG-13" may be shown as part of the school program. The Board directs administrative procedures to be developed to accomplish this objective. The procedure must include the provision; namely, that a parent have the opportunity to preview a film when practicably possible and that a parent must give prior consent before his or her student may view a film rated "PG" or "PG-13" if the student is in or below grade eight.
