High School Class/Course Credit for Pre-Grade Nine Students

The district encourages students to perform at the highest level possible in their course work. Recognizing that some upper level elementary school age students are able to master existing high school curriculum, it is the policy of this district to allow pre-grade nine students, who are qualified, to take designated high school classes or courses. High school credit may be granted to pre-grade nine students taking a high school course or group of courses if the pre-grade nine student is required to meet the same performance criteria as the current grade nine or beyond student.

The district will allow the granting of such credit to be used toward the current graduation requirements as shown in Oregon Administrative Rule (OAR) 581-022-1130.
