Relations with Law Enforcement Agencies

It is the intent of the Board to maintain a cooperative relationship with law enforcement agencies. Law officers' presence and participation in school programs are encouraged to promote a positive attitude by students toward police.

Whenever a student is suspected of involvement in a crime, the school administrator will, as deemed appropriate, attempt to notify his/her parents prior to any police action at school. Exceptions to this would occur only when such notification is contrary to established legal procedures or when immediate police action is required to ensure student welfare.
