## **Cocurricular/Extracurricular Programs**

The Board recognizes that cocurricular/extracurricular activities, when properly planned and conducted in an appropriate, safe environment, represent an essential part of the educational experience. The board supports such cocurricular/extra-classroom activities and will attempt to make them available on a voluntary basis to the students. It is the board's goal to provide each student with a balanced program of academic studies and cocurricular/extracurricular activities to be determined by the school, the parents, and the students.

Cocurricular/Extracurricular activities will be organized, supervised activities conducted under the auspices of the district, specific school or an element thereof and on district property, which primarily involve students in other than a classroom situation and for which no credit separate from the approved course shall be given.

The following may be considered cocurricular/extracurricular activities:

1. Student government and its related activities and organizations;
2. Musical festivals or contests, speaking activities and drama;
3. Organized activities which are part of interscholastic athletics;
4. All types of interscholastic competition;
5. Special interest clubs;
6. Oregon School Activities Association activities.

The Board will approve specific cocurricular/extracurricular activities through the authority it extends to the principals to authorize and administer them in keeping with this policy and any board-approved regulations. Students are expected to maintain appropriate academic and citizenship standards as a condition of participation.
