Marshfield Senior High School Eligibility and Participation Policy

The intent of this policy is to recognize that academic achievement must be the primary goal of Marshfield Senior High School students. This policy applies to all students who represent MHS in Oregon School Activities Association (OSAA)-governed activities. These guidelines are designed not to be punitive, but rather to assist students to be successful in academics and activities. This is a program to encourage achievement and responsibility, not to disqualify students who try.

Assumptions

1. MHS students participating in OSAA-governed activities will:
 - a. Meet all OSAA eligibility standards.
 - b. Meet additional MHS eligibility standards as set forth in the Extracurricular Activities Code of Conduct. This Code of Conduct, including any future revisions, must be adopted by the Board.
2. A review board consisting of the principal or his/her designee, a district office administrator, the athletic director, teachers as appropriate, the student's counselor and the student's current coach or advisor may be established to determine if there are mitigating circumstances (i.e. an IEP in place) that should allow a student to be eligible under conditions differing from those described in this policy.
