Student Conduct – Assemblies

Students, faculty and administration are all responsible for the activities that are conducted in the school. Indeed, the school is held accountable to a public, the Board, and a legislature that gives fiscal support. Those people within the school are accountable for the image of the institution and accountable to each other.

“Assembly” in this context refers to club, class, or other meetings requested by students of their advisors.

Students shall be permitted to hold meetings on school property under the following conditions of responsibility.

Students shall have the right to gather informally, provided:

1. The meeting is scheduled in advance and approved by the authorized administrator.
2. The meeting incites no hazard to person or property.
3. No speaker who openly and knowingly advocates breaking the law or encourages immoral acts shall be allowed to speak.
4. If a crowd is anticipated, a crowd-control plan shall be filed in the appropriate office well in advance of the meeting.
5. Every attempt shall be made to present a balance of viewpoints.
6. Students gathering informally shall not infringe on the rights of others to pursue their activities, nor pose any threat to property or persons.

Meetings or gatherings that do not meet the conditions above may be cancelled or stopped in progress at the discretion of the administration.

Disciplinary action may be initiated for any student(s) whose actions are disruptive, destructive or hazardous, whether in a scheduled meeting or an informal gathering.
