Crisis Prevention and Response

The Board recognizes that schools are subject to a number of potentially violent events. No school is immune from these events no matter the size or location.

The superintendent shall establish an advisory committee to review a Crisis Prevention and Response Plan. The committee will review district anti-violence related programs and activities, assess the district's security and safety needs, and review Board policies, administrative regulations, response plans and procedures.

The superintendent will develop an administrative regulation to implement the Crisis Prevention and Response Plan.
