Orig. Code(s): EBA

Buildings and Grounds Inspection

Safe buildings, grounds and equipment will be maintained in order to prevent accidents or injury to health of students, employees and other citizens from fire, natural disasters, mechanical and electrical malfunction and other hazards.

Buildings will be planned, equipped and maintained in accordance with appropriate local, state and federal safety regulations.

Buildings will be provided with alarm systems, fire extinguishers and such other devices required by state and federal laws and regulations.

All buildings and grounds will be inspected regularly for evidence of health and/or safety hazards.

Such hazards will be reported immediately to the district safety officer who will see that they are corrected.
