21st Century Schools Councils

The Board directs the superintendent to encourage community involvement in shared decision-making and to foster the collaborative efforts of district personnel, students, parents and community members through 21st Century Schools Councils (school site teams).

The overall purpose of shared decision-making is to enhance student achievement through both improvement of the instructional program and delivery of support services.

Shared decision-making is part of site-based decision-making. It is a process, not an end in itself. Site-based decision-making provides an opportunity for members of a school community to collaborate, where appropriate, in solving problems, defining goals and shaping direction for an individual school or unit.
