Graduation Exercises

Because the Board believes that completion of the requirements for a diploma from the public schools is an achievement that improves the community as well as the individual, the Board wishes to recognize that achievement in a publicly celebrated graduation exercise.

Accordingly, appropriate graduation programs may be planned by the district on the date and site approved by the Board.

Only students who have successfully completed the requirements for a senior high school diploma, honorary diploma or for a certificate of attendance or achievement and are in good standing, may participate in graduation exercises.

The Board chair shall determine the Board member or members who shall present the diploma or certificate to the high school graduates.

Each building principal or designee shall administer the program to include presentation of diplomas and certificates including:

1. Determination and notification of students eligible to receive diplomas;
2. Development of appropriate ceremonies for the presentation of diplomas;
3. Development of procedures for students applying for modified diplomas;
4. Development of procedures for students applying for a certificate of attendance;
5. Development of procedures to award honorary diploma(s) to foreign exchange students and, from time to time, to adults who have contributed in a particular and significant way to the awarding school, to the district or to the community of Corbett.
