

Board Member Compensation and Expense Reimbursement

No Board member will receive any compensation for services other than reimbursement for approved expenses actually incurred on district business. Such expenses may include the cost of attendance at meetings, conferences or visitations when such attendance has been approved by the Board.

Reimbursement includes, but is not limited to, transportation, meals, lodging and miscellaneous expenses.

If Board members attend student performances and athletic events as part of their responsibility to be informed about district operations, their official role while attending these events shall be to observe sportsmanship, teamwork, staff interaction with students and parents, and to be available to parents or patrons that might want to communicate with them. Board members shall provide feedback to the superintendent regarding their observations and interactions when appropriate.

When paid admission is required of the general public for attending student performances and athletic events, Board members shall communicate to the superintendent the events they wish to attend during the year in order to carry out their official duties, and will be supplied tickets for each event. These tickets will be purchased using funds allocated to the Board's budget.

The district will establish accounting procedures consistent with this policy.
