(National School Lunch Program, School Breakfast Program, Special Milk Program
and other Meal Programs)

The district's food and nutrition services will be operated in accordance with the following requirements:

Meal Pricing Procedures

1. The district may operate the Special Milk Program (SMP) at schools where students do not have access to program meals. Under SMP, the district will choose one of the following options:
 - a. Nonpricing (serve SMP milk at no charge to all students);
 - b. Pricing programs without a free option (charge all students for SMP milk); or
 - c. Pricing programs with a free option (distribute confidential applications for free milk and charge only those students for SMP milk who do not qualify for free milk based on the household's application or direct certification from Supplemental Nutrition Assistance Program (SNAP)).
2. Reimbursable meals will be priced as a unit.
3. Reimbursable meals will be served free or at a reduced price to all children who are determined by the district to be eligible for free or reduced price meals.
4. Annually, the district will establish prices for reimbursable student meals.
 - a. The price charged to students who do not qualify for free or reduced price meals will be established annually by the district in compliance with state and federal laws.
 - b. The price charged to students who qualify for reduced price meals will be established annually by the district in compliance with state and federal laws.

Application Procedures

1. Households receiving SNAP or Temporary Assistance to Needy Families benefits, as identified by Oregon Department of Education (ODE), will be automatically eligible for free meals for the students listed on the official document (Direct Certified). Districts must access this document at least three times per year.
2. Students receiving support through the migrant education program, Runaway and Homeless Youth Act, McKinney-Vento Homeless Assistance Act, federal Head Start and state-funded prekindergarten programs, with income eligibility criteria identical or more stringent than federal Head Start, or who are in state or court placement foster care, will be automatically eligible for free meals as for the students listed on the official documents.

3. Households that submit a confidential application will be notified of their student's eligibility for free or reduced price meals. Households that are denied free or reduced price benefits will be notified in writing using the ODE template letter distributed to the district annually.
4. On a case-by-case basis, when a student is known to be eligible for free or reduced price meal benefits and the household fails to submit a confidential application, the superintendent or designee may complete an application for the student documenting how he/she knows the household income qualifies the student for free or reduced price meal benefits. Parents of a student approved for free or reduced price benefits, when application is made for the student by a school official, will be notified of the decision and given the opportunity to decline benefits.
5. Students who do not qualify for free or reduced price meals are eligible to participate in the National School Lunch Program (NSLP) and School Breakfast Program (SBP) and will be charged "paid" prices set by the district. "Paid" category students will be treated equally to students receiving free or reduced price benefits in every aspect of the district's NSLP, SBP, Child and Adult Care Food Program (CACFP), and Summer Food Service Program (SFSP).
6. The district has established a fair hearing process under which a household can appeal a decision with respect to the household's application for benefits or any subsequent reduction or termination of benefits.
7. In the event of major employers contemplating large layoffs in the attendance area of the district, the district will provide confidential applications and eligibility criteria for free and reduced price meals to the employer for distribution to affected employees.

Financial Management of the Nonprofit School Food Service

1. The district will maintain a nonprofit school food and nutrition service operation.
2. Revenues earned by the school food and nutrition services will be used only for the operation or improvement of NSLP, SBP, CACFP, and SFSP.
3. Lunch and breakfast meals served to teachers, administrators, custodians, and other adults not directly involved with the operation of the district's food and nutrition services will be priced to cover all direct and indirect costs of preparing and serving the meals.¹
4. District food and nutrition services revenues will not be used to purchase land or buildings.
5. The district will limit its food and nutrition services net cash resources to an amount that does not exceed three months' average expenditures.

7. The district will meet the requirements for allowable NSLP, SBP, CACFP, and SFSP costs as described in 2 CFR 200.
8. In purchasing food and nutrition services goods or services, the district will not accept proposals or bids from any party that has developed or drafted specifications, requirements, statements of work, invitations for bids, requests for proposals, contract terms and conditions, or other documents for proposals used to conduct the procurement.
9. All procurement transactions for food and nutrition services goods and services will be conducted according to state, federal, and district procurement standards using the applicable cost thresholds.
10. In the operation of its food and nutrition services program, the district will purchase food products where at least 50 percent of the ingredients are produced or processed in the United States, whenever possible.

3. The district will assure that all students and food and nutrition services employees are not subject to different treatment, disparate impact, or a hostile environment.
4. Established district procedures will be followed for receiving and processing civil rights complaints related to applications for NSLP, SBP, CACFP, and SFSP benefits and services, and employment practices with regard to the operation of its NSLP, and SBP, CACFP, and SFSP. 5. The district will use the offer versus serve option when serving program breakfasts to all students. Students must take at least three of four food items including one-half cup of fruit or vegetable offered in program breakfasts.
6. A copy of the Board minutes adopting the offer versus serve policy for students below high school grades for program lunches and/or for all students in the district for program breakfasts, as applicable, will be made available upon request.

3. The person responsible for determining reimbursability of meals will be trained to recognize a reimbursable meal.
4. The district official signing the claim for reimbursement will review and analyze monthly meal counts to ensure accuracy of the claim, before submitting the claim to ODE.

2. Breakfast will be served in the morning hours, at or near the beginning of the student's school day.
3. Lunch will be served between the hours of 10 a.m. and 2 p.m.
4. The district will provide substitute foods for students with a disability³ that restricts their diet when supported by a written statement from a state-licensed health care professional, who is authorized to write medical prescriptions. Substitutions will be provided only when a medical statement from the licensed health care professional is on file at the school. The medical statement must state the nature of the child's impairment so its effect on the student's diet is understood, and what must be done to accommodate the impairment. The district will not charge more than the price of the school meal, as determined by the child's eligibility status, for meals with the accommodation.
5. The district will control the sale of competitive foods.
6. The district will ensure that potable (drinking) water will be available to students, free of charge, for consumption in the place where meals are served during meal service.

 - b. Individual school administrators may modify allowable meal charges with Food Service administrator approval. However, student debt acquired by charging meals or ala carte is considered "bad debt" per 2 CFR 200. Bad debt is an **unallowable cost to the non-profit food service fund**. Student debt must be paid for with funds other than food service funds and at the end of the school year will be charged back to the school facility's general fund account. A charge balance report can be provided to the school office daily.
8. The sale of foods in competition with the district's lunch (NSLP) or breakfast (SBP) programs will be allowed in dining sites during lunch and breakfast periods with Board approval only when all income from the food sales accrues to the benefit of the district's food and nutrition services or accrues to a school or student organization approved by the Board. A copy of the Board minutes approving and defining competitive food sales will be made available upon request.
