

## Facilities Development Goals

The following are facilities development goals for the Corvallis School District. It is the intent of the district to:

1. Provide buildings that accommodate and facilitate organizational and instructional patterns that support the district's educational philosophy and instructional goals;
2. Provide buildings that meet all safety requirements specified by code and as required by law;
3. Provide building renovations as needed to meet state and federal requirements on the accessibility and usability of facilities to persons with disabilities;
4. Provide building design, construction and renovation that will allow low maintenance costs, the conservation of energy and year-round use.
