

# Corvallis School District 509J

Code: **FB**  
Adopted: 2/08/99  
Orig. Code(s): 8110

## Planning School Buildings

When possible, construction and site development of district schools will be planned to provide the following:

1. Joint coordination between the city, county and school district for activities such as school site selection, school property disposition and school building utilization for year-round use by district and/or community;
2. Development of schools and properties adjacent to schools in a manner which minimizes any negative impact on the other;
3. Development of joint location, acquisition and use of sites for both schools and parks;
4. Encouragement of schools as an integral part of the community and community uses of school facilities when the community's use does not conflict with the primary use of the school facility;
5. Designs that meet changing educational goals and instructional methods.
