The district must be able to verify the ability of obtaining a license of applicants offered employment before the Board will consider approving their employment. The verification of licensure includes all license endorsements. It shall be each licensed staff member's responsibility to keep all appropriate endorsements and licenses current and to submit them to the human resources department.

Subject to any applicable collective bargaining agreement, a district required to forfeit any State School Fund moneys is entitled to recover one-half of the amounts forfeited from the licensed personnel whose unlicensed status caused the forfeiture.
