

## **Expanded Options Program**

The Board is committed to providing additional options to students enrolled in grades 11 and 12 to continue or complete their education, to earn concurrent high school and college credits, and to gain early entry into post-secondary education. The district's Expanded Options Program will comply with all requirements of Oregon law.

### **Eligible Students**

Eligible students may apply to take courses at a post-secondary institution through the Expanded Options Program. A student is eligible for the Expanded Options Program if he/she: (1) is 16 years or older at the time of enrollment in a course under the Expanded Options Program; (2) is in grade 11 or 12 or has not yet completed the required credits for grade 11 or 12, but the district has allowed the student to participate in the program; (3) has developed an educational learning plan; and (4) has not successfully completed the requirements for a high school diploma. A student who has graduated from high school may not participate.

### **Student Notification**

Prior to February 15 of each year, the district shall notify all high school students and the students' parents of the Expanded Options Program for the following school year.

This notice shall be given on each high school's website and on the Corvallis School District's website. In keeping with the district's intent to give program priority to at-risk students and students who have dropped out of school, letters will be mailed to at-risk students and to the last known address of students who have dropped out, age 16-19. To that end, each high school shall compile a list of former students who have dropped out of school and who will be between 16 and 19 years of age during the following school year.

Through the high school's student handbook, the district will notify a transfer high school student or a returning dropout of the Expanded Options Program if the student enrolls after the district has issued the February 15 notice. The district will notify a high school student who has officially expressed intent to participate in the Expanded Options Program and the student's parent or guardian of the student's eligibility status within 20 business days of the expression of intent.

The notice must include the following:

1. The definitions below:
  - a. **Eligible Students:** A student who is enrolled in an Oregon public school and who:
    - (1) Sixteen years or older at the time of enrollment in a course under the Expanded Options Program;
    - (2) In grade 11 or 12 or has not yet completed the required credits for grade 11 or 12, but the district has allowed the student to participate in the program;
    - (3) Has developed an educational learning plan as described in this policy; and
    - (4) Has not successfully completed the requirements for a high school diploma.

An eligible student does not include a foreign exchange student enrolled in a school under a cultural exchange program.
  - b. **Eligible Post-Secondary Institutions:** Annually, the Board shall contract with one or more Expanded Options partners from among eligible post-secondary institutions.
  - c. **Eligible Post-Secondary Course:** Any nonsectarian course or program offered through an eligible post-secondary institution if the course or program may lead to high school completion, a certificate, professional certification, associate degree, or baccalaureate degree. An eligible post-secondary course does not include a duplicate course offered at the student's resident school. Eligible post-secondary courses include academic and professional technical courses and distance education courses.
2. Purposes of the Expanded Options Program which include the following:
  - a. To create a seamless education system for students enrolled in grades 11 and 12 to:
    - (1) Have additional options to continue or complete their education;
    - (2) Earn concurrent high school and college credits; and
    - (3) Gain early entry into post-secondary education.
  - b. To promote and support existing accelerated college credit programs and to support the development of new programs that are unique to a community's secondary and post-secondary relationships and resources;
  - c. To allow eligible students who participate in the Expanded Options Program to enroll full-time or part-time in an eligible post-secondary institution; and
  - d. To provide public funding to the eligible post-secondary institutions for educational services to eligible students to offset the cost of tuition, fees, textbooks, equipment and materials for students who participate in the Expanded Options Program.
3. Financial arrangements for tuition, textbooks, equipment and materials.
4. Available transportation services.

5. The effect of enrolling in the Expanded Options Program on the student's ability to complete high school graduation requirements.
6. The consequences of failing or not completing a post-secondary course.
7. Notification that participation in the Expanded Options Program is contingent on acceptance by an eligible post-secondary institution.
8. District time lines affecting student eligibility and duplicate course determinations.
9. The following information about eligibility for the Expanded Options Program:
  - a. Eligible students may not enroll in eligible post-secondary courses for more than the equivalent of two academic years, and eligible students who first enroll in grade 12 may not enroll in eligible post-secondary courses for more than the equivalent of one academic year;
  - b. A student who has completed the requirements for a high school diploma may not participate in the Expanded Options Program;
  - c. An eligible student must be enrolled in a Corvallis School District high school.
10. Notice(s) of any other program(s), agreement(s), or plan(s) in effect that provides access for public high school students to post-secondary courses.
11. The district's responsibility for providing any required special education and related services to the student.
12. The number of quarter credit hours that may be awarded each school year to eligible students by the resident high school.
13. The Board's process for selecting eligible students to participate in the Expanded Options Program if the district has not chosen to exceed the credit hour cap.

If the district chooses not to exceed the credit hour cap and demand for classes exceeds the cap, the selection process shall be:

- a. Eliminate incomplete applications;
  - b. If demand still exceeds the credit cap, use a lottery drawing to eliminate applications for 10th grade students not at risk and then 11th grade students not at risk until requests equal the credit cap;
  - c. If demand still exceeds the credit cap after eliminating all students not at risk, reduce the number of credit hours students may take with the goal being to move toward equalizing the number of credit hours each student may take until the number of credits approved equals the credit cap;
  - d. If demand still exceeds the credit cap after equalizing requested courses, use a lottery drawing to eliminate 10th grade at-risk students and then 11th grade at-risk students who are not drop outs until requests equal the credit cap.
14. Information about program participation priority for at-risk students.

15. Exclusion of duplicate courses as determined by the district.
16. The process for a student to appeal the district's duplicate course determination to the Superintendent of Public Instruction or the Superintendent's designee.
17. Exclusion of post-secondary courses in which a student is enrolled if the student is also enrolled full time in the resident secondary school.
18. Exclusion of foreign exchange students enrolled in a school under a cultural exchange program.
19. Exclusion of post-secondary courses not related to a student's personal education plan.
20. Combined number of college credits and high school credits per student shall not exceed the equivalent of 14 high school credits per school year. Students needing more than 14 credits in a year to meet a graduation plan may apply to the administrator overseeing the Expanded Options Program for a waiver to this rule.

### **Enrollment Process**

Prior to May 15 of each year, a student who is interested in participating in the Expanded Options Program shall notify the district through an application of his/her intent to enroll in post-secondary courses during the following school year. A high school transfer student or returning dropout has 20 business days from the date of enrollment to indicate interest.

The district shall review with the student and the student's parent the student's current status toward meeting all state and district graduation requirements and the applicability of the proposed post-secondary course to the remaining graduation requirements.

Prior to submitting an application, a student who intends to participate in the Expanded Options Program shall develop and/or review an educational learning plan in cooperation with an advisory support team. An advisory support team may include the student and the student's parent but must include a high school advisor and counselor. The educational learning plan shall include:

1. The student's short-term and long-term learning goals and proposed activities; and
2. The relationship of the post-secondary courses proposed under the Expanded Options Program and the student's learning goals.

A student who enrolls in the Expanded Options program may not enroll in post-secondary courses for more than the equivalent of two academic years. A student who first enrolls in the Expanded Options program in grade 12 may not enroll in post-secondary courses the following school year. If a student is enrolled in a year-round program and begins each grade in the summer session, summer sessions are not counted against the time of participation.

## **Duplicate Courses**

If a student intends to enroll in a course that is already offered by the district, i.e., a duplicate course, the course will not be paid for under Expanded Options unless the student applies for and receives a waiver from the administrator overseeing Expanded Options. A duplicate course is one that is similar in content and scope to another course already offered by or through the district.

### **Contested Decisions/Appeal:**

Applicants may appeal a decision denying a duplicate course first to the Director of Student Services. The appeal must be in writing and contain at a minimum the following information:

1. Name of student;
2. Name of post-secondary course;
3. Detailed description of post-secondary course;
4. Name of duplicate course offered by high school;
5. Detailed description of duplicate course offered by high school; and
6. Reasons why the course should not be considered a duplicate.

The appeal must be made within five days of receiving notification that the post-secondary course is a duplicate. The Director of Students Services will issue a written decision within 20 days.

If dissatisfied with this decision, the applicant may appeal in writing to the Board of Education based on evidence of the scope of the course. The scope of the course refers to the depth and breadth of course content as evidenced through a planned course statement, including content outlines, applicable state content standards, course goals and student outcomes. The Board's designee will issue a decision on the appeal within 30 business days of receipt of the appeal. If the appeal is denied by the Board, the student may appeal the district's determination to the Superintendent of Public Instruction.

To enhance post-secondary opportunities, students and parents should also consider district-provided educational programs that offer post-secondary level courses. These include Advanced Placement courses, some vocational programs, and College Now classes available at each high school.

### **Expanded Options Program Annual Credit Hour Cap**

The number of quarter credit hours that may be awarded by a high school under the Expanded Options program is limited to an amount equal to the number of students in grades 9 through 12 enrolled in the high school multiplied by a factor of 0.33. For example, the cap for a high school with 450 students in grades 9 through 12 would be 148.5 ( $450 \times 0.33 = 148.5$ ). The caps must be established separately for each high school.

At the district's discretion, the district may choose to exceed both the individual high school level cap and the aggregate district level cap. If the district chooses not to exceed the cap, it will establish a process for selecting eligible students for participation in the program. The process will give priority for participation to students who are "at risk." An "at-risk student" means (1) a student who qualifies for a free or reduced price lunch program; or (2) an at-risk student as defined by rules adopted by the State Board of Education if it has adopted rules to define an at-risk student. An "at-risk" student includes a student who meets state or federal thresholds for poverty as indicated by eligibility for services under any of the following provisions of the No Child Left Behind Act:

1. Title I-Improving Academic Achievement of the Disadvantaged, Part A-Improving Basic Programs Operated by Local Educational Agencies;
2. Title I, Part C-Education of Migratory Children;
3. Title I, Part D-Prevention and Intervention Programs for Children and Youth Who are Neglected, Delinquent, or At-Risk;
4. Title III-Language Instruction for Limited English Proficient and Immigrant Students; and
5. Title X-Repeals, Redesignations, and Amendments to Other Statutes, Part C-Education of Homeless Children and Youth Program (amending subtitle B of title VII of the McKinney-Vento Homeless Educational Assistance Act).

### **Post-Secondary Institution Credit**

Prior to beginning a post-secondary course, the district shall notify the student of the number and type of credits that the student will be granted upon successful completion of the course. If there is a dispute between the district and student regarding the number or type of credits that the district will or has granted to a student for a particular course, the student may appeal the district's decision using the following process:

1. The student will contact the district level administrator who oversees the Expanded Options program.
2. The administrator will notify the student of the decision of the committee within 30 days or before graduation if the decision affects the award of a diploma to the student.

Credits granted to a student shall be counted toward high school graduation requirements and subject area requirements of the state and the district. Evidence of successful completion of each course and credits granted shall be included in the student's education record. A student shall provide the district with a copy of the student's grade in each course taken for credit under the Expanded Options program. The student's education record shall indicate that the credits were earned at a post-secondary institution.

## **Financial Agreement**

The district shall negotiate in good faith a financial agreement with the eligible partner post-secondary institution(s) for the payment of actual instructional costs associated with the student's enrollment, including tuition and fees and the costs of textbooks, equipment, and materials.

A district may request a waiver from the Superintendent of Public Instruction if:

1. Compliance would adversely impact the finances of the school district; or
2. The district offers dual credit technical preparation programs (i.e., two-plus-two programs, advanced placement, or International Baccalaureate programs).

## **Student Reimbursement**

Students are not eligible for any state student financial aid, but students may apply to the district for reimbursement for any textbooks, fees, equipment, or materials purchased by the student that are required for a post-secondary course. All textbooks, fees, equipment, and materials provided to a student and paid for by the district are the property of the district.

## **Transportation Services**

The district may at its discretion provide transportation services to eligible students who attend post-secondary institutions within the education service district boundaries of which the district is a component district.

## **Special Education Services**

The district of a student participating in the Expanded Options Program shall be responsible for providing any required special education and related services to the student. If a post-secondary institution intends to provide special education and related services to an Expanded Options Program participant, the institution shall enter into a written contract with the district of the student. The contract shall include the following at a minimum:

1. Allowance for the student to remain in the program during the pendency of any special education due process hearing unless the parents and district agree otherwise;
2. Immediate notification to the district if the institution suspects that a student participating in the program may have a disability and requires special education or related services;
3. Immediate notification to the district if the student engaged in conduct that may lead to suspension or expulsion; and
4. Immediate notification to the district of any complaint made by the parents of the student regarding the student's participation in the program at the institution.

## District Alternative Programs

The Expanded Options Program does not affect any program, agreement or plan that existed on January 1, 2006 between the district and a post-secondary institution, which has been continued or renewed.

Any new program, agreement, or plan that is developed after January 1, 2006 may be initiated at the discretion of the district and the post-secondary institution.
